PIQUA HEALTH DEPARTMENT DEATH STATISTICAL REPORT 2018

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	YTD TOTAL
TOTAL DEATHS	18	11	17	16	12	18	13	14	10	13	7	14	163
Deaths, Male	6	7	11	7	4	8	6	8	5	9	3	8	82
Death, Female	12	4	6	9	8	10	7	6	5	4	4	6	81
City Residents	16	9	14	12	10	16	11	7	8	11	7	11	132
Non Residents	2	2	3	4	2	2	2	7	2	2		3	31
Deaths under 1 mo.													
Deaths under 1 yr.				1									1
Death 12-23 mo. Inc.													
Deaths 2-4 Inc.													
Deaths 5-9 Inc.													
Deaths 10-19 Inc.		1											1
Deaths 20-29 Inc.	1		1										2
Deaths 30-39 Inc.	2								1				3
Deaths 40-49 Inc.	2				1	1				1			5
Deaths 50-59 Inc.			2	1	1	2	1	2	1	2	1	1	14
Deaths 60-69 Inc.	2	1	3	1		2	2	1	3	1		1	17
Deaths 70-79 Inc.	3	4	3	4	4	5	2	2	4	2	2	5	40
Deaths 80-89 Inc.	2	2	4	7	4	4	4	7		4		3	41
Deaths 90-99 Inc.	5	3	4	2	2	3	3	1	1	3	4	3	34
Deaths 100 -110 Inc.	1					1	1	1				1	5
CAUSES OF DEATH													
Abscess													
Accident: By Asphyxia													
By Auto													
By Burns													
By Drowning													
By Drug ingestion			1		1								2
By Electric shock													
By Firearms													
Acute bacterial bronchitis													
AIDS													
Airway obstruction													
Alzheimer's disease	1			1									2
Amyotrophic lateral sclerosis													
Anemia						1							1
Aneurysm													
Anoxia													
Anoxic Brain Injury										1			1
Anoxic encephalopothy													
Aspiration													
Asthma													
Arteriosclerotic Cardiovascular Disease								1		1		1	3
Atherosclerosis								1	1			1	3
Blood disease													
Blunt Force Trauma to Head													
Bowel obstruction													
Brain Tumor								1					1
Cancer	2		1	1	1	1		1	1	3	1		12
Carcinoma of Lung					1								1
Carcinoma of Unknown Primary												1	1
Cardiac Arrest	1												1
Cardiac Arrhythmias	4	1	4	4	1	1	4		3		3	3	28
Cardiomyopathy													

PIQUA HEALTH DEPARTMENT DEATH STATISTICAL REPORT 2018

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	**YTD TOTAL**
Cardio pulmonary failu	2	1	3	1	1			1	1	2			12
Cardiorespiratory Arrest							1						1
Cerebrovascular disease			1										1
Cervical Spondylosis							1						1
Cholangiocarcinoma													
Chronic asthma													
Chronic Osteomyelitis													
Cirrhosis							1						1
Congestive Heart Failure			1		1	3		1					6
COPD					2	4			1	1			8
Coronary Artery Disease								1				1	2
Cryoglobulinemic Vasculitis								1					1
CVA			1										1
Debility													
Deferred													
Dehydration													
Dementia	3	1		1	2	1	2	1		1		2	14
Diabetes mellitus										1	1		2
Dysphagia		1											1
Emphysema													
Encephalopathy													
Endometrial Carcinoma													
Esophageal Carcinoma													
Exsanguination													
Failure to thrive		1										1	2
Fetal death				1									1
Gangrene													
Gastric Carcinoma													
Gastrointestinal bleeding										1		1	2
Gastroparesis													
Glioblastoma	1					1							2
Graft vs. host disease													
Heart disease		1					1						2
Hepatic failure													
Hepatitis C													
Homicide													
Hunting's disease													
Hypercalcemia													
Hypotension													
Hypoxia													
Intracerebral hemorrhage													
Kidney disease													
Leukemia				1				1					2
Liver & gall bladder													
Liver disease							1						1
Lung disease						1		1					2
Lymphoma						1							1
Malignant neoplasm prostate													
Malignant pleural effusion													
Metastatic Squamous Cell Carcinoma													
Motor neuron disease													
Multi organ failure		2	2	3		1	1	1	2		1	1	14
Multiple Myeloma													
Multiple sclerosis													

PIQUA HEALTH DEPARTMENT DEATH STATISTICAL REPORT 2018

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	**YTD TOTAL**
Muscular dystrophy													
Myelodysplasia													
Myocardial Infarction			1		1				1				3
Natural													
Old age													
Osteoporosis													
Pancreatic carcinoma													
Parkinson disease						1							1
Pending													
Pneumonia				1									1
Pulmonary disease			1	1									2
Pulmonary embolism													
Pulmonary failure													
Rectal Adenocarcinoma												1	1
Rectal Bleeding													
Renal failure													
Respiratory failure		1	1	1	1		1	1		2		1	9
Rhizopus orbital infection													
Seizure						1							1
Sepsis	1												1
Sigmoid volvulus													
Spindle cell carcinoma of jaw								1					1
Stroke		1									1		2
Subarachnoid bleed													
Subdural hematoma						1							1
SUDEP	1												1
Suicide	2	1											3
Unknown etiology													
Upper GI bleed													
URI													
Uremia													
Vertebral osteomyetitis													
AT HOME BIRTHS													
Birth, Female													
Birth, Male
