

Strategic Plan Outcomes

Piqua staff collaborated to identify projects, programs, and activities to drive each strategic outcome area forward. These are examples of some of the most recent strategic outcome drivers in the initiatives discussed below.

Unified Community

Piqua unites residents, businesses, and government in community advancement.

Initiatives include: Community Housing Improvement Program - Coordination of securing and disbursing funding to support owner repair and rehab projects that meet program objectives.

Responsive Services

Piqua promotes continuous improvement in the delivery of City services that meet the evolving needs of our community.

Initiatives include: Responsive Fire & EMS services – Revised legacy township fire contracts to cover department expenses for providing services to non-city residents and businesses.

Thriving Economy

Piqua cultivates a diverse business environment that supports local economic opportunities for growth and enhances quality of life.

Initiatives include: Promoting Investment and Development Through Placemaking – Lock 9 construction as well as design of multiple downtown improvements.

Reliable Infrastructure

Piqua maintains modern and cost-effective infrastructure while supporting future growth.

Initiatives include: Pavement Preservation Program – Efficient and effective use of new technologies in resurfacing and pavement preservation.
