REGULAR CITY COMMISSION MEETING

APPROVAL OF MINUTES

ORD. NO. 25-08
(2nd Reading)

An Ordinance amending Ordinance No. 36-66 relating to the Municipal Income Tax

There was discussion concerning the age limit for charging Income Tax to 16 and 17 year old students, the verification of gambling losses and other such reportable income.

Commissioner Fess asked if it would be possible to hold a work session to discuss the Municipal Income Tax ordinance before making a decision. City Manager Enderle stated he would like to hold a Work Session on Tuesday, October 28th to go over the Long Range Financial Plan and since it is just the first reading on the Municipal Income Tax ordinance it could also be discussed.

City Manager Enderle further stated he has said it more than once, that every cut the commission makes in the long-range financial plan has to be absorbed somewhere, whether it be in reducing services or in layoffs.

Public Comment

Brad Boehringer, 128 Mound Street, commended the Piqua City Commission on their willingness to make changes in the ordinance on accepting profit and loss statements. Mr. Boehringer also explained how a profit and loss statement could be used for the Municipal Income Tax reporting.

Moved by Commissioner Terry, seconded by Commissioner Martin, that Ordinance No. 25-08 be given a second reading. Voice vote, Aye: Hudson, Fess, Vogt, Martin and Terry. Nay: None. Motion carried unanimously. Mayor Hudson then declared Ordinance No. 25-08 be given a second reading.

ORD. NO. 26-08
(1st Reading)

An Ordinance amending Section 93.04 of the Piqua Code relating to Fire Prevention

There was discussion of if the current Fire Chief is the Fire Prevention Officer and if this would be a new position. City Manager Enderle explained the current Fire Chief is the Fire Prevention Officer but he delegates the duties to another officer at this time, and no, it would not be a new position. City Manager Enderle stated "this ordinance will provide more flexibility and establish a pay range for the fire prevention officer in the fire department". Currently the position is ranked as assistant chief, and the assistant chief of fire prevention has moved over to take a shift, leaving that position open and available.
City Manager Enderle further stated, "per our discussion in the long range comprehensive plan, this is a position that we targeted that could be reclassified to another pay grade".

Public Comment

Bill Hogston, Greene Street, President of the Piqua Firefighters Local 252 stated he represents two bargaining units, the Piqua Firefighters and the Fire Officers at this time. Mr. Hogston stated currently there is pending arbitration action on this very issue wanting the Commissioners to be aware that under both contracts, the commissioners are bound to adopt no ordinances, no resolutions, or conduct other legislative matters in conflict with this agreement. Obviously we feel this is a conflict that is yet to be resolved and would like to ask the commission to table this ordinance until this can be resolved, said Mr. Hogston. There was discussion if the commission would be in violation at this time if the ordinance were to pass. City Manager Enderle explained that the issue under arbitration is the ability to move the fire prevention assistant chief position to shift without giving a test first, and to not be confused by the issue.

Moved by Commissioner Martin, seconded by Commissioner Terry, that Ordinance No. 26-08 be given a first reading. Voice vote, Aye: Hudson, Martin, Terry, Fess, and Vogt. Nay: None. Motion carried unanimously. Mayor Hudson then declared Ordinance No. 26-08 be given a first reading.

ORD. NO. 27-08
(1st Reading)

An Ordinance vacating a portion of Campbell Street public right of way

City Manager Enderle stated the two interested parties have agreed to meet with the City to discuss the vacating of the Campbell Street right of way.

Public Comment

Bill Shivley came forward and thanked the City Manager for offering him the opportunity to speak with the interested parties before the ordinance is passed.

Moved by Commissioner Vogt, seconded by Commissioner Martin, that Ordinance No. 27-08 be given a first reading. Voice vote, Aye: Terry, Martin, Vogt, Hudson, and Fess. Nay: None. Motion carried unanimously. Mayor Hudson then declared Ordinance No. 27-08 be given a first reading.

Res. No. R-115-08
(Tabled 10-6-08)

Moved by Commissioner Fess, seconded by Commissioner Terry, to remove Resolution No. R-115-08 from the table at this time. Voice vote, Aye: Vogt, Hudson, Martin, Terry and Fess. Nay: None. Motion carried unanimously. Mayor Hudson stated Resolution No. R-115-08 has been removed from the table.

A Resolution adopting a Long Range Financial plan for the City of Piqua

City Manager Enderle stated" I don't want to sound like I want to limit public comment, but we have been going over this stuff for over a year, and the more public comment you take, the less time you have to deliberate."

Commissioner Terry asked if the plan is adopted is it set in stone, or can it be changed. City Manager Enderle stated, no it is not set it stone and changes can be made as necessary. Commissioner Martin asked if the plan would come to the City Commission for a line-by-line approval. City Manager Enderle explained how it would be presented to the Commission for approval.
Public Comment

Several residents came forward to voice their opinions and concerns over numerous items in the long-range financial plan. Some of the questions included were: what is the plan if the five property maintenance ordinances on the November 4, 2008 ballot are not passed, the issuance of an occupancy permit when a tenant or resident sells or moves out of a home, if additional personal would have to be hired to enforce the ordinances, how would bank foreclosure properties be handled, is there any other reason for the occupancy permit inspections other than for revenue, what are the penalties if the resident or landlord does not pay for the inspection fee and occupancy permit, the lack of new businesses in the city, and the possible charging to the Piqua Youth Baseball and Softball leagues for use of the field lights when they have never been charged for the use of the field lights in the past.

City Manager tried to explain the reasons for the items that were questioned, and stated the information would be considered in the work-study session.

Ted Willis, 1008 Colleen Drive, asked if there would be a charge for property owners to sell their homes, and if a person with a rental property shows their home, will they be charged. City Manager Enderle stated a city inspector will come out to inspect the home, and if a person sells their home, the fee would be for the city inspector to come out and inspect your home before the new owner can get an occupancy permit for it. Mr. Willis stated he felt residents were not aware of this ordinance and said he believed that they would not tolerate it.

Mr. Willis voiced his opinion over the City charging a fee for a property maintenance inspection to receive an occupancy permit if implemented in the City of Piqua. City Manager Enderle explained how the occupancy permit process would be implemented, and stated, “this does not adopt an ordinance, this is just a long range fiscal plan that the commission would consider doing in the future”.

Bill Shively, came forward and stated that the city should be cautious in implementing this occupancy permit because the number of homes that may not meet the current code standards and code standards change constantly, and he doesn’t think the banks that foreclose on local homes will spend the money to fix the necessary violations and the homes would set empty.

Several landlords voiced their opinions on the occupancy permit, citing they do keep their properties up to code and don’t want to pay more taxes.

City Manager Enderle stated he would like to schedule a work-study session for Tuesday, October 28, at 5:00 p.m. to discuss all the elements of the plan, and suggested that commissioners come ready to provide some direction to city staff to put together a final plan that they would feel comfortable with.

RES. NO. R-116-08

A Resolution amending the total payment to Zachrich Leasing, Inc. for the Shawnee Storm Water Pumping Station improvement project

Commissioner Fess asked for an explanation of the gate structure. Amy Havenar, Acting Public Works Director gave a brief explanation of the gate structure and the reason for the change order. There was discussion of the contingency cost and the price structure.
Public Comment

Mike Chappie voiced his concern over the use of a motorized gate citing he feels the motor will break, and then how will they lower the gate if needed.

Chet Osborn, 406 Staunton Street, voiced concern if the gate fails, who is responsible for the damages, and is there any type of backup plan in place. Amy Havenar explained who would be responsible if the gate should fail and how the backup plan works.

City Manager Enderle stated he would look into the situation with the stop signs.

Commissioner Fess congratulated Ruth Koon, Dan French, and the Library Legacy Alliance Committee for spearheading the hotel renovation, and for all their hard work over the past months in raising the money needed to go forward with the project. It is a spectacular building and it is a miracle that it has happened, and thanked all who contributed to the project to make it happen. Commissioner Fess also thanked all who came forward to speak, stating everyone was respectful and this is the way a City Commission meeting should be.

Commissioner Terry agreed with Commissioner Fess stating a lot of good has come from the meeting. Commissioner Terry stated it was a spectacular grand opening for the Fort Piqua Plaza and invited citizens to go in and look around.

Each taxpayer who engages in business or other activity or whose qualifying wages, commissions, other compensation and other taxable income is subject to the tax imposed by this ordinance, and every resident shall, except as herein provided, shall, whether or not a tax be due thereon, make and file a return on or before April 15th of each the year, whether or not a tax is due. Following the effective date of this ordinance, and on or before April 15 of each year thereafter. When the return is made for a fiscal year or other period different from the calendar year, the return shall be filed by the 15th day of the fourth month from the end of such fiscal year or period. The Administrator is hereby authorized to provide by regulation in accordance with Rules and Regulations that the return of an employer or employers, showing the amount of tax deducted by said employer or employers from the salaries, qualifying wages, commissions, other compensation or other income of an nonresident employee, and paid by the employer or employers to the Administrator, shall be accepted as the return required of any nonresident employee whose sole income, subject to tax under this ordinance, is such salary, qualifying wages, commissions, other compensation or other income.

The Administrator shall also have authority to require that certain retired individuals may be exempt from this section, providing that no reportable or taxable income exists beyond income exempt from taxation as provided by this ordinance.

B. The return shall be filed with the Administrator on a form or forms furnished by or obtainable upon request from such Administrator, or on a generic form, setting forth:

1. a. The aggregate amount of qualifying wages, commissions, other compensation and other income earned or received; and
b. The gross income from a business, profession or other activity less allowable expenses incurred in the acquisition of such gross income;

c. Such income shall include only income earned or received during the year, or portion thereof, covered by the return and subject to the tax imposed by this ordinance;

2. a. The amount of tax imposed by this ordinance on income reported,

b. Any credits to which the taxpayer may be entitled under the provisions of Sections 6, 7 and 15 of this ordinance; and

3. Such other pertinent statements, information returns or other information as the Administrator may require.

4. A generic form once completed and filed must contain all of the information required to be submitted with Piqua’s prescribed returns, reports or documents, and must be in a similar format that will allow processing of the generic forms without altering Piqua’s procedures for processing forms. The taxpayer or return preparer filing the generic form must also otherwise comply with the rules or ordinances of Piqua governing the filing of returns, reports or documents. Determination as to whether a generic form meets this criteria shall be the responsibility of the Administrator.

C. The Administrator may extend the time for filing of the annual return upon the request of the taxpayer for a period of not to exceed six (6) months, or one (1) month beyond any extension requested of or granted by the Internal Revenue Service for filing of the Federal Income Tax Return (whichever occurs later). The Administrator may require a tentative return, accompanied by payment of the amount of tax shown to be due thereon by the date the return is normally due.

No penalty or interest shall be assessed in those cases in which the return is filed and the final tax paid within the period as extended.

D. 1. The taxpayer making a return shall, at the time of filing thereof, pay to the Administrator the balance of tax due, if any, after deducting:

a. The amount of City of Piqua Income Tax deducted or withheld at the source pursuant to Section 6 hereof;

b. Such portion of the tax as has been paid on declaration by the taxpayer pursuant to Section 7 hereof;

c. Any credit allowable under the provisions of Section 15 hereof.
2. Should the return, or the records of the Administrator, indicate an overpayment of the tax to which the City of Piqua is entitled under the provisions of this ordinance, such overpayment shall first be applied against any existing liability and the balance, if any, at the election of the taxpayer communicated to the Administrator, shall be refunded or transferred against any subsequent liability. Provided, however, that overpayment of less than five dollars ($5.00) one-dollar ($1.00) shall not be refunded.

E. 1. AMENDED RETURNS. Where necessary, an amended return must be filed in order to report additional income and pay any additional tax due, or claim a refund of tax overpaid, subject to the requirements and/or limitations contained in Sections 11 and 15. Such amended returns shall be on a form obtainable on request from the Administrator. A taxpayer may not change the method of accounting or apportionment of net profits after the due date for filing the original return.

2. Within three (3) months from the final determination of any federal tax liability affecting the taxpayer’s City of Piqua tax liability, such taxpayer shall make and file an amended City of Piqua return showing income subject to the City of Piqua tax based upon such final determination of federal tax liability, and pay any additional tax shown due thereon or make claim for refund of any overpayment.

Section 6: Collection at Source

A. 1. Each employer within or doing business within the City of Piqua who employs one or more persons on a salary, qualifying wage, commission, other compensation or other income basis shall, at the time of payment thereof, deduct the tax of one and three-fourths percent (1.75%) from the qualifying wages, commissions, other compensation or other income earned or received by Piqua residents regardless of where such compensation was earned or received and shall deduct the tax of one and three-fourths percent (1.75%) from the qualifying wages, commissions, other compensation or other income earned or received within Piqua by non-residents;

2. Notwithstanding the provisions of paragraph A. 1. of this Section, where such employer employs a Piqua resident in another taxing municipality requiring such employer to deduct its tax from all employees engaged therein, such employer shall withhold for, and remit to, the City of Piqua only the difference, if any, between the tax imposed by such other taxing municipality and the tax imposed by this ordinance;

3. Each such employer shall, on or before the 15th day last day of the this month or quarter following such withholding each calendar quarter, make a return and remit to the City of Piqua the tax hereby required to be withheld. Employers shall deposit withholding to the City of Piqua on a monthly basis if the tax liability for
the previous year equals or exceeds three thousand dollars ($3,000.00). Such return shall be on a form or forms prescribed by, or acceptable to, the Administrator and shall be subject to the Rules and Regulations. Such employer shall be liable for the payment of the tax required to be deducted and withheld, whether or not such taxes have, in fact, been withheld.

4. On or before the 28th day of February following any calendar year, such employer shall file with the Administrator an information return for each employee from whom City of Piqua Income Tax has been, or should have been, withheld, showing the name, address and Social Security number of the employee, the total amount of compensation paid during the year and the amount of City of Piqua Income Tax withheld from such employee.

5. An employer is not required to make any withholding with respect to an individual’s disqualifying disposition of an incentive stock option if, at the time of the disqualifying disposition, the individual is not an employee of the corporation with respect to whose stock the option has been issued.

6. a. An employee is not relieved from liability for a tax by the failure of the employer to withhold the tax as required by a municipal corporation or by the employer’s exemption from the requirements to withhold the tax.

b. The failure of an employer to remit to the municipal corporation the tax withheld relieves the employee from liability for that tax unless the employee colluded with the employer in connection with the failure to remit the tax withheld.

B. Such employer, in collecting said tax, shall be deemed to hold the same until payment is made by such employer to the City of Piqua, as a Trustee for the benefit of the City of Piqua and any such tax collected by such employer from his employees shall, until the same is paid to the City of Piqua, be deemed a trust fund in the hands of such employer.

C. All employers that provide any contractual service within Piqua, and who employ subcontractors in conjunction with that service, shall provide Piqua the names and addresses of the subcontractors. The subcontractors shall be responsible for all income tax withholding requirements under this ordinance.

D. In addition to the wage reporting requirements of this section, any person required by the Internal Revenue Service to report on Form 1099-Misc. payments to individuals not treated as employees for services performed shall also report such payments to the Municipality when the services were performed in the Municipality. The information may be submitted on a listing, and shall include the name, address and social security number (or federal identification number), and the amount of the payments made. Federal form(s) 1099 may be submitted in lieu of such listing. The information shall be filed annually on or before February 28 following the end of such calendar year.
E. DOMESTIC SERVANTS. No person shall be required to withhold the tax on the qualifying wages, commissions, other compensation, and other taxable income paid domestic servants employed exclusively in or about such person’s residence. However, such domestic servants shall be responsible for filing and paying their own returns and taxes.

Section 7: Declarations

A. Every person who anticipates any taxable income which is not subject to Section 6 hereof, or who engages in any business, profession, enterprise or activity subject to the tax imposed by Section 3 hereof shall file a declaration setting forth such estimated income of the estimated profit or loss from such business activity, together with the estimated tax due thereon, if any. provided, however, if a person’s income is wholly from qualifying wages from which the tax will be withheld and remitted to the City of Piqua in accordance with Section 6 hereof, such person need not file a declaration.

B. 1. Such declaration shall be filed on or before April 15 of each year during the life of this ordinance, except that no penalties or interest shall be assessed, for not filing a declaration, on any resident taxpayer who was not domiciled in Piqua on the first day of January of the year in which they became subject to estimated payments, nor shall penalties or interest be assessed on estimated payments if the taxpayer has remitted an amount equal to one hundred percent of the previous year’s tax liability, provided that the previous year reflected a twelve-month period.

2. Those taxpayers reporting on a fiscal year basis shall file a declaration within 15 days of the fourth month after the beginning of each fiscal year or period.

C. 1. Such declaration shall be filed upon a form furnished by, or obtainable from, the Administrator, or on a generic form. Credit shall be taken for Piqua income tax to be withheld, if any, from any portion of such income. In addition, credit may be taken for tax payable to other taxing municipalities in accordance with the provisions of Section 15 hereof.

2. The original declaration (or any subsequent amendment thereof) may be increased or decreased on or before any subsequent quarterly payment date as provided for herein.

3. A generic form once completed and filed must contain all of the information required to be submitted with Piqua’s prescribed returns, reports or documents, and must be in a similar format that will allow processing of the generic forms without altering Piqua’s procedures for processing forms. The taxpayer or return preparer filing the generic form must also otherwise comply with the rules or
ordinances of Piqua governing the filing of returns, reports or documents. Determination as to whether a generic form meets this criteria shall be the responsibility of the Administrator.

D. The taxpayer making the declaration shall, at the time of the filing thereof, pay to the Administrator at least one-fourth (1/4) of the estimated annual tax due after deducting:

1. Any portion of such tax to be deducted or withheld at the source pursuant to Section 6 hereof;

2. Any credits allowable under the provisions of Section 15 hereof; and

3. Any overpayment of previous year’s tax liability which taxpayer has not elected to have refunded. Provided, however, the taxpayer may elect to apply any overpayment of previous tax liability to any one or more installments of the estimated annual tax.

At least a similar amount shall be paid on or before the 15th day of the sixth, ninth and thirteenth month after the beginning of taxpayer’s taxable year, provided that in case an amended declaration has been duly filed, or the taxpayer is taxable for a portion of the year only, the unpaid balance shall be paid in equal installments on or before the remaining payment dates.

E. On or before the 15th day of the fourth month of the year following that for which such declaration or amended declaration was filed, an annual return shall be filed and any balance which may be due the City of Piqua shall be paid therewith in accordance with the provisions of Section 5 hereof.

Section 8: Duties of the Administrator

A. 1. It shall be the duty of the Administrator to receive the tax imposed by this ordinance in the manner prescribed herein from the taxpayers; to keep an accurate record thereof; and to report all monies so received to the Director of Finance.

2. It shall be the duty of the Administrator to enforce payment of all taxes owed the City of Piqua, to keep accurate records for a minimum of six (6) years showing the amount due from each taxpayer required to file a declaration and/or make any return, including taxes withheld, and to show the dates and amounts of payments thereof.

B. Said Administrator is hereby charged with the enforcement of the provisions of this ordinance, and is hereby empowered, subject to the approval of the Board of Review, to adopt and promulgate and to enforce Rules and Regulations relating to any matter or thing pertaining to the collection of taxes and the administration and enforcement
of the provisions of this ordinance, including provisions for the re-examination and correction of returns.

C. In any case where a taxpayer has failed to file a return or has filed a return which does not show the proper amount of tax due, the Administrator may determine the amount of tax appearing to be due the City of Piqua from the taxpayer and shall send to such taxpayer and tax practitioner a written statement showing the amount of tax so determined, together with interest and penalties thereon, if any.

D. Subject to the consent of the Board of Review and pursuant to the Rules and Regulations, the Administrator shall have the power to compromise any interest or penalty, or both, imposed by Section 10 of this ordinance.

Section 9: Investigative Powers of the Administrator
Penalty for Divulging Confidential Information

A. The Administrator, or any authorized employee, is hereby authorized to examine the books, papers, records and Federal Income tax returns of any employer or of any taxpayer or person subject to, or whom the Administrator believes is subject to the provisions of this ordinance, for the purpose of verifying the accuracy of any return made, or, if no return was made, to ascertain the tax due under this ordinance.

Every such employer, supposed employer, taxpayer or supposed taxpayer is hereby directed and required to furnish upon written request by the Administrator, or the Administrator's duly authorized agent or employee, the means, facilities and opportunity for making such examinations and investigations are hereby authorized.

B. The Administrator is hereby authorized to order any person presumed to have knowledge of the facts to appear before the Administrator and may examine such person, under oath, concerning any income which was or should have been returned for taxation or any transaction tending to affect such income, and for this purpose may compel the production of books, papers, records and Federal Income Tax returns and the attendance of all persons before the Administrator, whether as parties or witnesses, whenever the Administrator believes such persons have knowledge of such income or information pertinent to such inquiry.

C. The refusal to produce books, papers, records and Federal Income Tax returns, or the refusal to submit to such examination by any employer or person subject or presumed to be subject to the tax, or by any officer, agent or employee of a person subject to the tax or required to withhold tax, or the failure of any person to comply with the provisions of this Section or with an order or subpoena of the Administrator authorized hereby, shall be deemed a violation of this ordinance punishable as provided in Section 12 hereof.
D. Any information gained, as the result of any returns, investigations, hearings or verifications required or authorized by this ordinance shall be confidential, except for official purposes, or except in accordance with proper judicial order. Any person divulging such information in violation of this ordinance shall upon conviction thereof, be deemed guilty of a misdemeanor and shall be subject to a fine or penalty of not more than five hundred dollars ($500.00) or imprisoned for not more than six (6) months, or both. Each disclosure shall constitute a separate offense.

In addition to the above penalty, any employee of the City of Piqua who violates the provision of this Section relative to the disclosure of confidential information shall be guilty of an offense punishable by immediate dismissal.

E. Every taxpayer shall retain all records necessary to compute his or her tax liability for a period of six (6) years from the date his or her return is filed, or the withholding taxes are paid.

Section 10: Interest and Penalties

A. All taxes imposed and all monies withheld or required to be withheld by employers under the provisions of this ordinance and remaining unpaid after they become due shall bear interest at the rate of one percent (1%) per month.

B. In addition to interest as provided in paragraph A hereof, penalties based on the unpaid tax are hereby imposed as follows:

1. For failure to pay taxes due, a penalty of one percent (1%) per month with a maximum of twenty-five percent (25%) of the net tax liability and with an annual minimum $20. The $20 minimum is waived for first-time filers and if taxes are paid within two weeks of filing.

2. For failure to remit taxes withheld or required to be withheld from employees: Three percent (3%) per month.

3. Where the taxpayer has failed to file a return by the due date or by the date resulting from extension, a failure to file fee of twenty-five dollars ($25.00) may be assessed.

4. Where the employer has failed to file quarterly returns by the due dates, a failure to file fee of twenty-five dollars ($25.00) may be assessed per each return.

C. EXCEPTIONS

1. A penalty shall not be assessed on an additional tax assessment made by the Administrator when a return has been filed in good faith and the tax paid thereon
within the time prescribed by the Administrator, or filed in accordance with Article VII, Section C of the Rules and Regulations; and provided further, that in the absence of fraud, neither penalty nor interest shall be assessed on any additional tax assessment resulting from a federal audit, providing an amended return is filed and the additional tax is paid within three (3) months after final determination of the federal tax liability.

2. The city shall not impose any penalty, interest, or other similar assessment or charge against a taxpayer for the late payment or nonpayment of estimated tax liability in either of the following circumstances:

(a) The taxpayer is an individual who resides in the city but was not domiciled there on the first day of January of the current calendar year;

(b) The taxpayer has timely remitted an amount at least equal to one hundred percent (100%) of the taxpayer’s tax liability for the preceding year as shown on the return filed by the taxpayer for the preceding year, provided that the return for the preceding year reflected a twelve-month period and taxpayer filed a return for the preceding year.

D. A return check fee will be assessed in an amount set periodically in the Rules and Regulations promulgated by the Tax Administrator.

E. Upon recommendation of the Administrator, the Board of Review may abate penalty or interest, or both, or upon an appeal from the refusal of the Administrator to recommend abatement of penalty and interest, the Board may nevertheless abate penalty or interest, or both.

Section 11: Collection of Unpaid Taxes and Refunds of Overpayment

A. All taxes imposed by this ordinance shall be collectible, together with any interest and penalties thereon, by suit, as other debts of like amounts are recoverable. Except in the case of fraud, omission of twenty-five percent (25%) or more of income subject to this tax, or failure to file a return, an additional assessment shall not be made after three (3) years from the time the return was due or filed, whichever is later. In the case of fraud, omission of 25% or more of income subject to this tax, or failure to file a return, all additional assessments shall be made and all prosecutions to recover Piqua’s income taxes and penalties and interest thereon shall be brought within six (6) years after the tax was due or the return was filed, whichever is later. In those cases in which the Commissioner of Internal Revenue and the taxpayer have executed a waiver of the federal statute of limitation, the period within which an additional assessment may be made by the Administrator shall be one (1) year from the time of the final determination of the federal tax liability.
B. Those officers or employees having control or supervision of, or charged with, the responsibility of filing the return and making payments for a corporation or association shall be personally liable for failure to file the return or pay the taxes and penalties and interest due as required. The dissolution, bankruptcy, or reorganization of any employer does not discharge the officers’ or employees’ liability for a prior failure of such business to file a return or pay the taxes due.

C. Taxes erroneously paid shall not be refunded unless a claim for refund is made within three (3) years from the date which such payment was made or the return was due, or within three (3) months after final determination of the federal tax liability, whichever is later.

D. Amounts of less than one dollar ($1.00) five dollars ($5.00) shall not be collected or refunded.

8. Fail to comply with the provisions of this ordinance, the Rules and Regulations or any order or subpoena of the Administrator authorized hereby; or

10. Fail to use ordinary diligence in maintaining proper records of employees' residence addresses, total wages paid and City of Piqua tax withheld, or to knowingly give the Administrator false information; or

11. Attempt to do anything whatever to avoid the payment of the whole or any part of the tax, penalties or interest imposed by this ordinance.

Shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars ($500.00) or imprisoned not more than six (6) months or both, for each offense.

B. All prosecutions under this Section must be commenced within three (3) five (5) years from the time to the offense complained of except in the case of failure to file a return or in the case of filing a false or fraudulent return, in which event the limitation of time within which prosecution must be commenced shall be six (6) ten (10) years from the date the return was due or the date the false or fraudulent return was filed.

C. The failure of any employer or person to receive or procure a return declaration or other required form shall not excuse him or her from making any information return, return or declaration, from filing such form, or from paying the tax.

Section 13: Board of Review

A. A Board of Review, consisting of the City Manager, who shall act as chairman, and two other individuals, each to be appointed by the Mayor of the City of Piqua, is hereby created. A majority of the members of the Board shall constitute a quorum. The Board shall adopt its own procedural rules and shall keep a record of its transactions. Any hearing by the Board may be conducted privately and the provisions of Section 9 hereof, with reference to the confidential character of information required to be disclosed by this ordinance, shall apply to such matters as may be heard before the Board of Review.

B. All Rules and Regulations and amendments or changes thereto, which are adopted by the Administrator under the authority conferred by this ordinance, must be approved by the Board of Review before the same become effective. The Board shall hear and pass on appeals from any ruling or decision of the Administrator, and, at the request of the taxpayer or Administrator, is empowered to substitute alternate methods of allocation.

C. Any person dissatisfied with any ruling or decision of the Administrator, which is made under the authority conferred by this ordinance, may appeal therefrom to the
Board of Review within thirty (30) days from the announcement of such ruling or decision by the Administrator provided the taxpayer making the appeal has filed with the City of Piqua the required return or other documents concerning the obligation at issue. The appeal shall be in writing and shall state why the decision should be deemed incorrect or unlawful. The Board shall, on hearing, have jurisdiction to affirm, reverse or modify any such ruling or decision, or any part thereof.

Section 14: Use of Funds

The total income tax funds collected under the provisions of this ordinance shall be held by the Director of Finance in a separate fund known as the “INCOME TAX FUND” and shall be deposited in a separate account, or accounts, in such bank or banks, as the Director in his or her sole discretion may decide.

Relating to the first one percent (1%), not less than twenty-eight percent (28%) shall be used for the construction, operation and maintenance of streets, including the draining thereof. Not less than twenty-one percent (21%) shall be used for permanent improvements and operation of the Safety Department. Not less than seven percent (7%) shall be used for permanent improvements and operation of City parks. Not more than forty-four percent (44%) shall be used for General Fund purposes, other than those listed above, and for the purpose of paying the cost of collecting the tax levied by this ordinance and the cost of administering and enforcing the provisions thereof.

The funds collected under the provisions of this ordinance relating to the next one-half percent (.5%) levy in excess of one percent (1%) shall be used entirely for capital and operating needs of police, fire and public safety-related services.

The funds collected under the provisions of this ordinance relating to the remaining one-fourth percent (.25%) levy shall be used entirely for the construction, reconstruction and resurfacing of streets and alleys, including the installation, maintenance and reconstruction of storm drainage lines, manholes and catch basins.

Section 15: Relief and Reciprocity Provisions

It is the intent of this section that a taxpayer, subject to tax in more than one municipality on the same income, who has complied with the provisions hereof, shall not be required by this ordinance to pay a total municipal income tax on such income greater than the tax imposed at the higher rate.

Accordingly, notwithstanding any other provisions of this ordinance,

A. Residents of Piqua
A. When a resident of Piqua is subject to and has paid, or has acknowledged liability for, a municipal income tax in another municipality on the same income taxable under this ordinance, and such other municipality does not allow a credit to its non-residents, such Piqua resident may claim a credit of the amount of such tax paid to such other municipality, but not in excess of the tax assessed by this ordinance.

b. When a resident of Piqua incurs losses in another municipality, which cannot provide a credit because of insufficient earnings in the other municipality, then the credit is available, but not to exceed the tax assessed by this ordinance, to offset other resident income.

4. a. When a resident of Piqua is subject to and has paid, or has acknowledged liability for, a municipal income tax in another municipality on the same income taxable under this ordinance, and such other municipality allows a credit to its non-residents on the same basis as provided in paragraph B-1 of this section, a credit shall be allowed against Piqua income tax of fifty percent (50%) of the tax due hereunder or fifty percent (50%) of the tax due under the ordinance of such other municipality, whichever is the lesser.

b. If the tax due such other municipality has been paid to or withheld in such other municipality, a resident of Piqua may claim credit for and assign to the City of Piqua any claim or refund to which he or she may be entitled from such other municipality. In the event an amount is not received by the City of Piqua equal to such credit claimed by reason of tax payments made to, or withheld in, such other municipality, then the taxpayer shall be liable to the City of Piqua for an amount by which the claimed credit exceeds the amount recovered on such assignment by the City of Piqua, together with penalty and interest. If satisfactory evidence is offered, however, that the taxpayer is entitled to the claim covered by the assignment, such taxpayer shall not be deprived of credit therefore because of fault or neglect on the part of either municipality.

e. Assignment of any claim for refund to which a Piqua resident may be entitled from another municipality shall be tentatively accepted as payment of that portion of Piqua income tax represented by such assignment, provided, however, should an overpayment result from the credit allowed by reason of such assignment, no refund thereof shall be made until such assignment has been accepted for payment by such other municipality.

B. Non-Residents of Piqua

1. When a non-resident of Piqua is subject to the tax imposed by this ordinance and is also subject to tax on the same income in the municipality of his or her residence, a credit of fifty percent (50%) of the tax due under this ordinance or fifty percent (50%) of the tax due under the ordinance of such other municipality,
whichever is the lesser, shall be allowed against the tax due under this ordinance, provided:

a. Such other municipality imposes on its residents a tax same income and reciprocal provision is made in the ordinance of such other municipality granting to non-residents thereof a credit on the same basis as provided in paragraph B-1 of this section against the tax levied thereby;

b. Such non-resident is subject to and has acknowledged liability in the municipality of his or her residence for any tax due after such reciprocal credit is allowed; and

e. The municipality of his or her residence furnishes evidence of payment of tax therein or evidence of assignment by the taxpayer of his or her claim for reciprocal credit to such other municipality.

2. Any amount due a non-resident as a result of having overpaid the tax due the City of Piqua, or arising from allowance of the credit provided for herein may, under Rules and Regulations, be assigned to and paid to such other municipality.

C. Non-Resident City Employee

All employees of the City of Piqua, Ohio who are not otherwise subject to this ordinance shall have deducted from their salaries, wages, commissions or other personal service compensation, the applicable Piqua city income tax. The non-resident employee shall be subject to or beneficiary of the same provisions allowed non-residents working within the City of Piqua.

D. The credits provided for in paragraphs A, B and C of this section will not be allowed unless the same are claimed in a timely return or form acceptable to, and filed with the Administrator. In the event the taxpayer fails, neglects, or refuses to file such timely return or form, he or she shall not be entitled to such credit and shall be liable for the full amount of tax assessed by this ordinance, together with such interest and penalties, both civil and criminal, as are prescribed by this ordinance.

E. Any claim for credit for income taxes paid another municipality on the same income taxable hereunder, or claim for an assignment of any refund due to the credit provided for herein, must be filed with the Administrator of the City of Piqua on or before December 31st of the year following that for which such credit is claimed.

Provided, however, in the event such claim for reciprocity refund shall have been assigned to the municipality of residence, such municipality of residence must file a claim for refund with the Administrator of the City of Piqua on or before January 31st next, following such December 31st. Failure to file such claim for reciprocity credit or refund, or assignment thereof, within the times prescribed herein, shall render such credit claim for refund, or assignment, null and void.
B. The City of Piqua shall grant a credit against the tax imposed by this ordinance to every taxpayer who works in a joint economic development zone created under section 715.691 or a joint economic development district created under section 715.70, 715.71, or 715.72 of the Ohio Revised Code. The credit shall not exceed the tax assessed by this ordinance on such income earned in such joint economic development zone or joint economic development district where such tax is paid.

Section 16: Saving Clause

If any sentence, clause, section or part of this ordinance, or any tax against any individual or any of the several groups specified herein, is found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality or invalidity shall affect only such clause, sentence, section or part of this ordinance and shall not affect or impair any of the remaining provisions, sentences, clauses, sections or other parts of this ordinance. It is hereby declared to be the intention of the Commission of the City of Piqua that this ordinance would have been adopted had such unconstitutional, illegal or invalid sentence, clause, section or part thereof not been included herein.

Section 17: Exclusions From Taxation

The provisions of this Ordinance shall not be construed as levying a tax upon the following:

A. Military pay or allowances of members of the Armed Forces of the United States and of members of their reserve components, including the National Guard.

B. Poor relief, pensions, including Social Security benefits, unemployment compensation or similar payments, including disability benefits received from private industry or local, state or federal governments, or from charitable, religious or educational organizations.

F. Any association, organization, corporation, club or trust, which is exempt from federal taxes on income by reason of its charitable, religious, educational, literacy, scientific, etc. purposes.

G. Gains from involuntary conversion and capital gains, cancellation of indebtedness, interest on federal obligations, items of income already taxed by the State of Ohio, as of the date of enactment of Ordinance 33-66 (being 7/5/66), and income of a decedent's estate during the period of administration (except such income from the operation of a business).

H. Earnings and income of all persons 17-48 years of age and under. Earnings and income will be taxable for the portion of the year after which they become 18-49.

MEMORANDUM

TO: Frederick E. Enderle

RE: Request for Commission Legislation to Vacate the Platted Campbell Street Public Right-of-Way

At the October 7, 2008 meeting of the Planning Commission, with four of the five members present, the Planning Commission recommended approval of the above referenced public right-of-way vacation request. Therefore, I am forwarding this request for legislative action by the City Commission on this matter.

In accordance with the city code, all adjacent property owners were notified of the public hearing date and given an opportunity to speak on this matter. Also, all city departments, as well as all utility companies known to maintain facilities within the city of Piqua, were notified of this request and asked to respond with any concerns. No conflicts were identified by the utility companies notified. However, it was requested that a utility easement be maintained over the existing right-of-way area. The only concern presented from city department representatives related to ensuring connectivity between the east-west alley segments on either side of the existing Campbell Street right-of-way is maintained. Specifically, this concern was raised with reference to the need for refuse trucks to be able to travel through the alley way from one end to the other without having to turn around - a maneuver that would be all but impossible. Likewise, staff pointed out that any alteration to the alley through-way that interrupts the connectivity that the alley provides to and from Water Street and Roosevelt Avenue would adversely affect the accessibility of the properties contiguous to the alley improvements. To address this concern, staff recommended that the applicant be required to provide an alley easement across the north end of what is currently the Campbell Street right-of-way to maintain the connectivity of the east-west alley segments on either side of the existing right-of-way. The applicant commented on the proposed improvements for the area proposed for vacation noting that the area will be improved with a paved parking surface to be flanked by a planting area located at either end of the existing right-of-way. It was explained to the Planning Commission that the planting areas will not eliminate the Water Street access to the parking area or the alley, nor will they obstruct the movement of traffic traveling the east-west alley alignment. Rather, the planting areas are intended to enhance the appearance of the site while also acting as a deterrent to Campbell Street cut-through traffic. The applicant acknowledged that the installation of the improvements over the proposed vacation area has commenced prematurely, noting that time is of the essence with regards to completing the work necessary to finish the project before the close of this construction season. Also present to speak against this request was Mr. Jerry Hunolt of 216 N. Downing Street. Mr. Hunolt expressed concern with vacating of the Campbell Street right-of-way citing a hypothetical future closure of the east-west alley as reason for concern. Staff responded to this concern, citing the issues that would arise and make it unlikely the alley would ever be permitted to be closed should such a scenario ever be presented.

RE: Request for Commission Legislation to Vacate a Portion of the Platted Campbell Street Public Right of Way

After considering the information provided, the Planning Commission found that the portion of public right-of-way proposed to be vacated is not essential to any transportation or utility infrastructure interest of the community. In taking action on the request, the Planning Commission recommended the approval of the proposed vacation provided a utility easement is maintained over the existing alley right-of-way limits, and provided that a alley easement is maintained across the northernmost end of the existing Campbell Street right-of-way.

MEMORANDUM

TO: Frederick E. Enderle

RE: Request for Commission Legislation to Declare Intent to Vacate a Portion of the Platted Campbell Street Public Right of Way

A request to vacate the remaining portion of the platted Campbell Street public right of way north of Water Street has been received by this office. As you will recall the northernmost portion of Campbell Street right of way was previously vacated earlier this year. The portion of right of way affected by this request begins at Water Street and ends approximately 180 feet to the north. The property found on either side of the right of way is owned by the proprietor of the Jamieson & Yannucci Funeral Home. The impetus for the vacation request is the property owner’s recent acquisition of these properties and the desire to rework this area to better compliment the use of the surrounding properties. Currently, the only traffic volume of any significance that this section of Campbell Street experiences, is generated by adjacent funeral home, dwelling unit, and professional office space uses. The petitioner indicates that it is his intent to continue to allow the adjacent property owners use of the vacated portion of Campbell Street as needed to access/exit their property.

To consider a request to vacate public right of way, section 98 of the City Charter requires the commission to first pass a resolution declaring its intention to do so. Therefore, I am forwarding this request for the City Commissions’ adoption of said resolution. In doing so, the City Commission will be authorizing this request to be advanced to the Planning Commission to conduct a public hearing and further study this request. After such time the Planning Commission has held a public hearing to consider all of the facts pertaining to this matter, the item will be returned to the City Commission with the Planning Commissions’ recommendation for approval or denial of this request. A recommendation for approval will result in the City Commission being asked to consider the adoption of an ordinance to approve the vacation of the subject right of way.

Staff’s initial observations concerning this request finds that the subject right of way does not appear to be essential to the surrounding neighborhood or to the maintenance of city services provided to this area. Enclosed for the City Commissions’ reference in considering this request, please find a copy of the application submitted to this office.

Memo

To: City Commission
From: Fred Enderle
Date: September 8, 2008
Re: Long Range Financial Planning Recommendations

The purpose of this memorandum is to transmit Long Range Financial Planning recommendations for the Commissions consideration and approval. The recommendations are attached in three documents: Core Services, Recommended Revenue Enhancements and Expenditure Reductions. Also included in your packet are three scenarios projecting General Fund Balance out to 2011. The first scenario is an existing conditions scenario, which you have seen before, and represents what is likely if we do nothing. The second scenario represents making minor modifications, while the third scenario represents the projected outcome if all the recommended actions are implemented.

The Long Range Financial Planning process was recommended at the time of adoption of the 2008 Annual Budget in November 2007. The purpose of the plan was to address all funds of the City, but with the major focus on the General Fund because it supports the general purposes of the City and is the most volatile in terms of funding sources (state and local taxes, etc.). The purpose of the plan is to:

- Align financial capacity with long-term service goals
- Combine financial forecasting with strategic thinking and planning
- Gather information, analyze challenges and opportunities, decide a plan of action, and continue to evaluate action taken

You will note from review of the differing pro formas that none completely addresses the long-term issue in the general fund of annual revenues meeting expenses. Even in implementing all my recommendations, we still face a potential $1.6 million deficit in 2011. However, I feel with prudent budgeting between now and 2011, coupled with increased economic activity, we will be putting the City on a course that will achieve our long-term planning goals.

I remind everyone that this is a plan, and as such, it needs to be adaptable to changing conditions. This means we may have to adjust our course down the road if there are significant changes in economic conditions.
Also included in your packet are the results of a survey we did comparing our Police and Fire Departments to communities similar in size and characteristic to Piqua. I am providing this information now because a number of groups and individuals are aware that we are gathering the information and looking forward to receiving a copy of the results. However, all the information needs more analysis and in many cases additional follow up and clarification. So, we are not in a position to draw any conclusions from the information at this point.

A mandatory pre-bid meeting was held on Tuesday, September 9th to allow the contractors a chance to view the site and to ask questions about the project.

We are currently in the process of making application for a loan from the Ohio EPA Division of Environmental and Financial Assistance. One requirement of the OEPA before approving such a loan is a resolution of intent to award a contract.
We anticipate OEPA approval the first of November. We will then request final legislation the end of November to award a contract. The E.Q. Basin will take one year to be built.

This request for legislation includes approximately 10% contingency for items of work that may be required, but are not included in the specifications.

Attached, please find a memo from the city's consultant, CDM, making recommendation to award a contract to Peterson Construction Company.

Please let me know if I can provide any additional information pertaining to this matter.

CDM has reviewed and evaluated the bids received by the City of Piqua through its City
Commission on September 23, 2008 at 2:00 p.m. for construction of the Wastewater Treatment
Plant Flow Equalization Basin & Standby Power Generator Project 07-07. A total of six

Attached is the bid tabulation of bid prices for each line item from each prospective bidder.

The contract’s basis of award per Article 11.1 in Section 00100 is the “...lowest responsible
and eligible Bidder.” Peterson Construction Company’s apparent low bid was complete, and
no discrepancies or math errors were noted. We have reviewed the qualifications of Peterson
Construction Company and believe them to be capable of performing the work as defined in
the Contract Documents. It is our opinion that Peterson Construction Company is the lowest
responsible and eligible bidder for this project.
It is our recommendation that the Piqua City Commission award the construction contract to Peterson Construction Company in the amount of $3,750,000.00.

MEMORANDUM

TO: Frederick E. Enderle, City Manager

RE: REQUEST FOR COMMISSION AUTHORIZATION TO INCREASE THE DESIGN CONTRACT WITH CAMP DRESSER & McKEE, INC. FROM $300,000 TO $321,427 FOR THE DESIGN AND CONSTRUCTION PHASE ENGINEERING OF A 3.0 MILLION GALLON FLOW EQUALIZATION BASIN AND STANDBY POWER GENERATOR PROJECT.

Peterson Construction Company, Inc., the apparent low bidder on the Flow Equalization Basin and Standby Power Generator Project, recently requested a change in the tank design from a prestressed tank to a cast-in-place tank. The reasons for their requested change are as follows:

- The concrete walls and slab would be constructed by PCC using local labor.
- The cast-in-place tank would use significantly more ready-mix concrete, which would be purchased locally keeping more money in the community.
- The cast-in-place tank would have thicker walls.
- The cast-in-place tank would take less time to construct than the prestressed tank.

The City of Piqua and Camp Dresser & McKee (CDM) both agree that either a cast-in-place tank or a prestressed tank will result in a quality built equalization basin for the City.

Up to this point, all of the construction documents were completed based upon the equalization basin being a prestressed tank. Therefore, if this change in the tank construction is made from a prestressed tank to a cast-in-place tank, CDM will need to review the new design submitted by Peterson Construction Company, as well as perform their own additional design work to ensure compliance with the tank requirements set forth by the American Water Works Association (AWWA). CDM will also have additional construction administration responsibilities during the construction of the tank.

Should the City proceed with the change to a cast-in-place concrete tank, there would be a credit to Peterson Construction Company's bid price of $101,300.00.
Attached please find an amendment to the agreement between the City and CDM and also a letter from Peterson Construction Company detailing the proposed change in the tank design.

Please let me know if I can provide you with any additional information pertaining to this issue.

Respectfully submitted,

Amy L. Havenar, P.E.

RE: Piqua WWTP Flow Equalization Basin
PCC Project No.: P08-762
“Cast-in-Place EQ Basin”

Dear Ms. Havenar:

Thank you for taking the time to meet with us recently to discuss the upcoming improvement project at the Wastewater Treatment Plant. Peterson Construction Company is looking forward to the opportunity to again work with the City of Piqua.

Regarding our discussion on the option of changing the new Equalization Basin from a prestressed tank to a cast-in-place tank, we have had further discussions with our Structural Engineer, RDI. They have offered the attached design which is refined from the version that we had with us at the meeting. This design would allow us to offer a credit of $101,300.00. If this was approved as a Change Order, we would provide submittal drawings and calculations that are stamped by an Ohio PE similar to the requirements of Section 13205, Wire Wrapped Prestressed Concrete Tanks. CDM would then review the submittal just like they would have reviewed the prestressed tank submittal.

The cast-in-place tank would have the same inside dimensions as the prestressed tank and would have no effect on the storage capacity, the mixing characteristics, or any other performance characteristics. The tank would be designed in accordance with ACI 350R Environmental Engineering Concrete Structures. 6" X 3/8" PVC waterstop would be utilized in the joints between the base slab & walls and the vertical wall joints so that the tank would be watertight. The completed tank would be leak tested as specified in Section 13205. The walls would be placed in 36’ long sections. Each section would be placed in one monolithic vertical lift. High cycle vibrators would be used to ensure consolidation. The outside of the tank would receive a rubbed concrete finish.

As we discussed, some of the benefits of changing to the cast-in-place tank in addition to the cost savings are:
The walls and slab would be constructed by Peterson Construction Company using our local labor, so more labor dollars would be spent in the community. The prestressed tank specified would be constructed by a specialty subcontractor (Preload), who uses traveling crews from out of state so most of the money spent on the tank would leave Ohio.

- The cast-in-place tank would use significantly more ready-mix concrete than the prestressed tank. This would produce more work for the local concrete supplier and, again, more dollars staying in the community.

- The cast-in-place tank that we propose would have walls that are 24” thick which is approximately 3-4 times as thick as the walls on the prestressed tank. Therefore, the tank would be much stronger and more durable. The prestressed tank gets its strength from prestressing wires wrapped in many layers around the tank. If some of the prestressing wires would happen to be cut by accident (perhaps from a truck backing into the tank or a hole/anchor being installed in the tank), a serious structural problem would result. Also contributing to a more robust design in the cast-in-place tank are the approximately (1,150) #6 & #7 rebar dowels that connect the walls to the base slab. The final design on the prestressed tank are not known at this time but based on our past experience with this type of tank, there will be considerably less anchorage between the tank walls and base slab; this may be of concern due to the tank being located in the flood plain.

- The cast-in-place tank will take less time to construct than the prestressed tank. This would result in a shorter construction duration and possibly less cost to the City of Piqua for engineering inspection and administration.

Peterson Construction Company has constructed well over (100) cast-in-place tanks in the past so we have the expertise to construct a high quality structure. Most recently we constructed a 200’ diameter cast-in-place Equalization Basin for the Sugarcreek WWTP which is located near Bellbrook, Ohio (see attached photo).

In closing, we believe that the cast-in-place tank would give the owner a much better tank using local employees at a significantly reduced cost. We would welcome any questions you have regarding this proposal and appreciate your consideration.

Sincerely,

PETErSON CONSTRUCTION COMPANY
