A roll call vote resulted in a 3-0 vote in supporting the motion to approve the meeting minutes as submitted. Mr. Taylor abstained stating he was not in attendance at the June 8 meeting.

NEW BUSINESS
1. PC-15-10
A resolution to consider the vacation of a portion of River Street

Mr. Schmiesing stated this relates to an existing private garage that encroaches into the platted River Street right of way located at the rear of the property known as 218-218½ E. North Street. The platted right of way width is approximately 40 feet and is identified as River Street. The improvements to this right of way are more typical of an alley not a street. The alley improvements favor the northern half of the right of way and the accessory structure encroachment is on the southern half of the right of way and does not interfere with the alley improvements.

The proposed vacation would result in the vacating of the southern half of the subject right of way adjacent to the rear of 218-218½ E. North Street. This would allow for the vacated right of way being joined with the subject parcel and will eliminate the encroachment condition.
There was discussion on how far back the property dated, with the estimated time of that part of the community being somewhere between 1820 and 1830.

Mr. Oda stated for the record, to the best of his knowledge River Street ceased being an active street when the Conservancy District built the levy after the 1913 flood.

Public Comment
No one came forward to speak for or against PC-15-10.

Motion was made by Mr. Oda to approve the request, seconded by Mr. Bubp. Roll Call Vote, Mr. Oda, Aye; Mr. Bubp, Aye; Mr. Taylor, Aye, and Mr. Spoltman, Aye. Nay, None. A voice vote resulted in a 4-0 vote to approve the request.

Mr. Schmiesing stated he would forward this to the City Commission for their approval at their next meeting.

STAFF REPORT

Date: August 24, 2010
To: Planning Commission
From: Chris Schmiesing, City Planner
Subject: Inlot 1630 – Private Garage Special Use

GENERAL INFORMATION

Applicant: Jan Bondurant
Owner: Jan Bondurant
Location: Inlot 1630
Zoning: R-1 (One-Family Residential)
Land Use
   Existing: Vacant Lot
   Proposed: Private Garage
Request: Authorization of private garage special use to permit the private garage not accessory to a principal structure at this location.

DISCUSSION/FINDINGS

This request is to authorize the construction of a private garage on a vacant lot without a principal structure. The 24 foot x 30 foot building would be located 35 feet toward the interior of the lot away from the adjacent alley and accessed by a gravel driveway improvement.

COMPREHENSIVE PLAN

The goals, principles, objectives and strategies described in the Comprehensive Plan are supportive of permitting property uses that contribute positively to the neighborhood concerned and the community in general.

CONCLUSION

The proposed private garage special use of the vacant lot without the use being accessory to a principal structure is consistent and compatible with the uses found within the immediate neighborhood. A private garage use does not permit auto repair work that is above and beyond what is typical for a private residence, nor does it permit any other commercial use of the proposed structure.

RECOMMENDATION

Staff recommends that the Planning Commission approve the requested special use.
