Piqua City Manager Gary A. Huff
E. Ash St. Bridge Painting

City of PIQUA
“The success of our downtown directly influences and impacts the health of businesses throughout the entire city. This is why the Downtown Revitalization Grant Program is so important for our community.”

- City Manager, Gary A. Huff

“It has been several years since we have received a downtown revitalization grant. We are excited to offer this opportunity to our downtown building and business owners and know that these kinds of programs can make a significant visual impact on the community.”

- Lorna Swisher, Mainstreet Piqua
Fire Equipment & Feasibility Study
Shawnee Stormwater Relief - $350K
Commercial Street Trail Corridor Project

City of Piqua

Street Resurfacing - $1.9M
Ohio – Indiana Trail Bridge - $300K
Great Miami River Trail Bridge - $1.4M
Wayfinding Signage Phase I
The CodePIQUA project stems from a Plan It Piqua Comprehensive Plan (PDF) recommendation to update the current zoning and subdivision regulations.

“The purpose of the project is to put into place development standards that will promote neighborhood qualities that enhance existing developments and create a sense of a place; and, to establish a new Transportation Plan that includes context sensitive standards for public right-of-way use and improvements.”

-Chris Schmiesing, City Planner
Wastewater Treatment Plant Expansion & Upgrade
