FAQ

How long will it be until I receive notification?
The review timeframe is typically 3-5 business days; however, it may vary based on the complexity of the project. The applicant will be notified by phone call when the application has been approved and the permit has been issued, or if additional information is required.

Will the permit expire?
The permit will expire six months from the date of approval.

What is the next step?
Additional permits may be required by the Miami County Building Department, the City of Piqua Health Department and/or the City of Piqua Engineering Department. If you have any questions, a staff member in the Development Department is available to assist you Monday through Friday from 8:00 a.m. to 5:00 p.m.

INSPECTION PROCESS

Who do I call to inspect?
Upon the completion of the entire scope of the changes or work described by the application and construction documents, the applicant should call the inspector(s) listed on the signed permit. The Final Zoning inspection will be conducted once all other inspections are passed and complete. The final inspection will verify the appropriateness and completeness of the changes or work. Upon finding the changes or work to be appropriate and completed in accordance with the application, construction documents, a Certificate of Compliance will be issued by the enforcing official and mailed to the applicant.

SITE PLAN

123 Main Street

All site plans submitted must be drawn to scale, marked with a North arrow, and include all relevant measurements and information as required by the City Planner. The example above is the minimum level of detail and information needed for site plan submission where basic work is being performed.

Many permit types require application documents sourced from professional surveyors, engineers, or architects. Applicants will be contacted if a reviewing department has requested additional information.
