Piqua, OH 45356

Bev,

Following is the information for the quote for bid on all OLF services for city vehicles.

Price for OLF for cars, vans, pickups etc with gas engines - \$40.00 each

Price for additional oil over 5 quarts - \$5.00 per qt

Brands/Weights of oil and filter – We use Valvoline or Castrol oil all weights with Promotive Purolater oil filters. For full synthetic we use Amsoil. Price for an amsoil oil change of 5 qts is \$65.00. Additional quarts are \$9.99.

Additional information:

We do not wash windshields or vacuum vehicles. Most parts are purchased from Advance Auto Parts and we can provide costs as needed per vehicle.

Although we would like to be able to work on a vehicle at any time, we have to consider our other customers and may not always be able to immediately service the vehicle. However, with proper notice (at least 1 day) we can accommodate most vehicle services.

We can perform service on all vehicles under  $\frac{3}{4}$  ton.

We would appreciate your other business, even if we are not chosen for the OLF bid, such as; brakes (which average \$200 per axle parts and labor), tires, exhaust, run ability issues, etc.

For any other costs information, please contact Kerry Wyan at (937) 778-9926.

Thanks for your consideration,

Nikki Wyan
